

...and Kyroot said:

On this one planet it's "never too late", and boy is it a BIGGGGG planet.

...and Kyroot said:

The trouble with Noah, (if indeed there IS any "trouble with Noah"), is that he thought he only brought two of eveything.

(Steady there, ole timer.)

...and Kyroot said:

First the troops move out; then they're told why they moved; then they forget  
all about it and move again.

...and Kyroot said:

Advanced measuring devices speak.

...and Kyroot said:

But prior TO your recent "emotional strain", how were things?...that is,  
how were things before you  
got here?

...and Kyroot said:

Don't let the voters-back-home know, but we're ALL on a junket.

. . .and Kyroot said:

On this other planet the eleventh commandment is that ten are  
enough.

. . .and Kyroot said:

You don't really have to plan it too thoroughly, just throw stuff  
out till you're satisfied.

...and Kyroot said:

In what part of the universe did someone invent the redundant phrase,  
"uneasy truce"?

...and Kyroot said:

I know of a place where they think that the NON-experienced is the best  
teacher.

...and Kyroot said:

Well sure, I could explain 'em in more detail, but what good did it do us  
before?

...and Kyroot said:

Do you ever get confused as to whether I'm still doing a "Kyroot Says", or  
whether I'm commenting on the  
process itself?

...and Kyroot said:

Have you ever thought that such a question could also be asked regarding  
Mans' intellectual perception  
of Himself?

...and Kyroot said:

That which will fit into a dictionary can't be carried on board.

...and Kyroot said:

One selling point for heaven should be its lack of reformers.

(On the bridge, the captain can  
do no wrong; if he can, he ain't  
the captain.)

...and Kyroot said:

One of the voices said, "I shouldn't even be telling you this.", and he  
replied, "Don't worry, you're  
not."

...and Kyroot said:

While measuring,if you come to a seam, sit down and take a break.

...and Kyroot said:

No need in the world to worry about job security here.

...and Kyroot said:

In most areas it doesn't matter, but being wasteful in the intellectual  
food chain can get your license  
revoked.

...and Kyroot said:

What fun it is to be a day by day Explorer, and Revolutionist, and be  
constantly in the act of  
fermentation.
