One world,  
Solved their problem,  
Of crappy food by,  
At one-fell-swooping,  
Declaring their crap,  
"Gourmet Entrees."

They asked this ole guy,  
How old he was,  
And he said,  
"Well,  
I won't tell you,  
My exact age,  
But I will say that,  
I'm older than I ever,  
Planned to be."

Although it does,  
Kinda make me sad,  
I gotta go ahead,  
And tell you -  
Those who worry about,  
Whether professional wrestling,  
Is,  
"Real",  
Or not,  
Are the same guys,  
That'd worry about,  
Whether,  
Life,  
Is real or not.

Stretched out to his full height,  
Standing securely on the,  
Shoulders of several assumptions,  
The speaker proclaimed,  
"In defense of my fellow creatures,  
Let me say -  
If men weren't,  
So much like they are,  
They could be,  
Some way else."

In the City,  
Some have said,  
That the,  
"Eyes are the first to go",  
Others counter that,  
"Memory is the first to go",  
But one ole timer did a wrap on it,  
By simply noting that,  
"Every thing's the first to go."

"There, there,  
Young man;  
It's not nice,  
To talk with,  
Words in your mouth.'

Another small sign once spotted in a Revolutionist Camp;  
"A man's reflection,  
Is not his friend."

If systems,  
Can't explain themselves,  
What might this augur,  
Regarding words?

Certain of history's more illustrious figures

That they were actually composed of several people.

Since all,  
Man made stuff,  
(The world of Secondary affairs),  
Is in a constant state,  
Of deterioration,  
Man's intellect,  
Not so surprisingly,  
Assumes same for the Primary.

Will recognize these,  
However,  
As separate scenarios.)

If what you have to say,  
Is so important,  
(Even otherworldly),  
That you must don,  
Special garb to say it,  
Either you or it,  
Aren't as important as you thought.

One middlin' type fellow,  
(And perhaps,  
Even with additional characteristics),  
Said out loud,  
"If everything else  
Was as much fun as sex,  
We wouldn't need sex."

Although what I am about to say,  
Cannot be precisely laid,  
Within the City groves,  
Of verbal-math,  
I'm gonna give it to you anyway,  
Like this;  
One of the reasons,  
For going away,  
Is so you can return.

Although intrigue,  
And conflict,  
Are a part of the,  
Natural order of things,  
In the City,  
The Revolutionist,  
Must not be incompatable.

...(As to "with what"?,  
You'll have to,  
Fill this in.)

The most common,

Dependable cause of,

Secondary disasters is a

Lack of topographical knowledge.....especially,

Regarding areas,

Outside of the City,

Your City,

Any City that's - "out there"

Religion,

In the Secondary world,  
Once you,  
Know what to expect,  
You won't expect too much....  
(Or could we say,  
Won't mis-expect.)

Just think;

If everybody didn't have,  
Their own little ways of doing things,  
Why there wouldn't be enough,  
Everybodys to go around.

.....(Be thankful,  
For what you've got -  
Even if you don't,  
"Get it" yet.)
